

Skills Bootcamps in Green Skills

Programme Aim

The program aims to offer comprehensive training in green skills specifically tailored to forestry, tree care, and land management. This encompasses a range of knowledge and practical skills designed to equip participants with the expertise needed to work effectively in these fields.

Upon completing the course and subsequent exam, you will gain a Level 1 Health & Safety Construction and basic first aid, with guaranteed interviews with local employers.

Why choose this course?

With increasing focus on environmental sustainability and conservation efforts, there is a growing demand for professionals skilled in forestry, tree care, and land management practices.

Attending this course will give you all the skills needed for jobs in forestry, arboriculture, land management, and related green careers.

Tap into a growing industry demand, advance your career, and pursue a passion for environmental conservation!

Entry Requirements

Aged 19+

Resident in the North East of England

Lived in the UK for 3+ Years

Minimum Level 1 in Maths and English qualification
(Equivalent to a GCSE grade C/level 4)

Can attend the full course over a 90-hour Guided Learning Hours (GLH)
